

19th IPGSA Meeting

The International Plant Growth Substances Association
In conjunction with the Plant Growth Regulation Society of America
and the Japanese Society for Chemical Regulation of Plants

Puerto Vallarta, Mexico

July 21-25, 2007

<http://www.ipgsa.org>

Featuring four Plenary Sessions:

- Hormone Biosynthesis and Metabolism, organized by Bonnie Bartel
- Long Range Signaling and Hormone Transport, organized by Ottoline Leyser
- Hormone Signaling, organized by Mark Estelle
- Hormone Interactions, organized by Nick Harberd

Plus 17 Minisymposia and Workshops on topics including:

- MicroRNAs in Hormone Signaling,
- Peptide Hormones,
- Hormones in Cellular Growth,
- Hormones in Agriculture and Horticulture,
- Novel Hormones,
- Plant Hormone Research in Latin America
- ...and much more.

To be held at the Hotel NH resort in beautiful Puerto Vallarta on Mexico's Pacific coast
