Mark your calendars for this special 36th annual meeting. Information about the 2009 meeting will be mailed to members and posted on the web site.

Publications

The *PGRSA Quarterly* has been revised to a newsletter format in order to better serve the membership. Also, a newly revised 4th Edition of the Plant Growth Regulator Handbook is now available on a searchable CD. Printed copies are also available. Publications may be purchased by filling out a publication order form.

Membership

Beginning in 2005, registrants attending stand alone annual meetings were automatically made members of PGRSA. Registration fees were increased to accommodate the change. This policy will continue for the 2009 meeting in Asheville.
